THE RATINGS PROGRAM

Overview: Studies conducted with Nielsen Media Research (NMR) 12 times per year. Outside/Destination conducted its first ratings study with Nielsen April, 1997.

Method: Telephone coincidental

Sample: Mix of visitors staying in resort lodging properties, condos, rental homes, and second homes as well as locals; Call list is typically 80% market visitors and 20% market residents.

Frequency: Outside/Destination Network collects ratings data each month and produces quarterly reports.

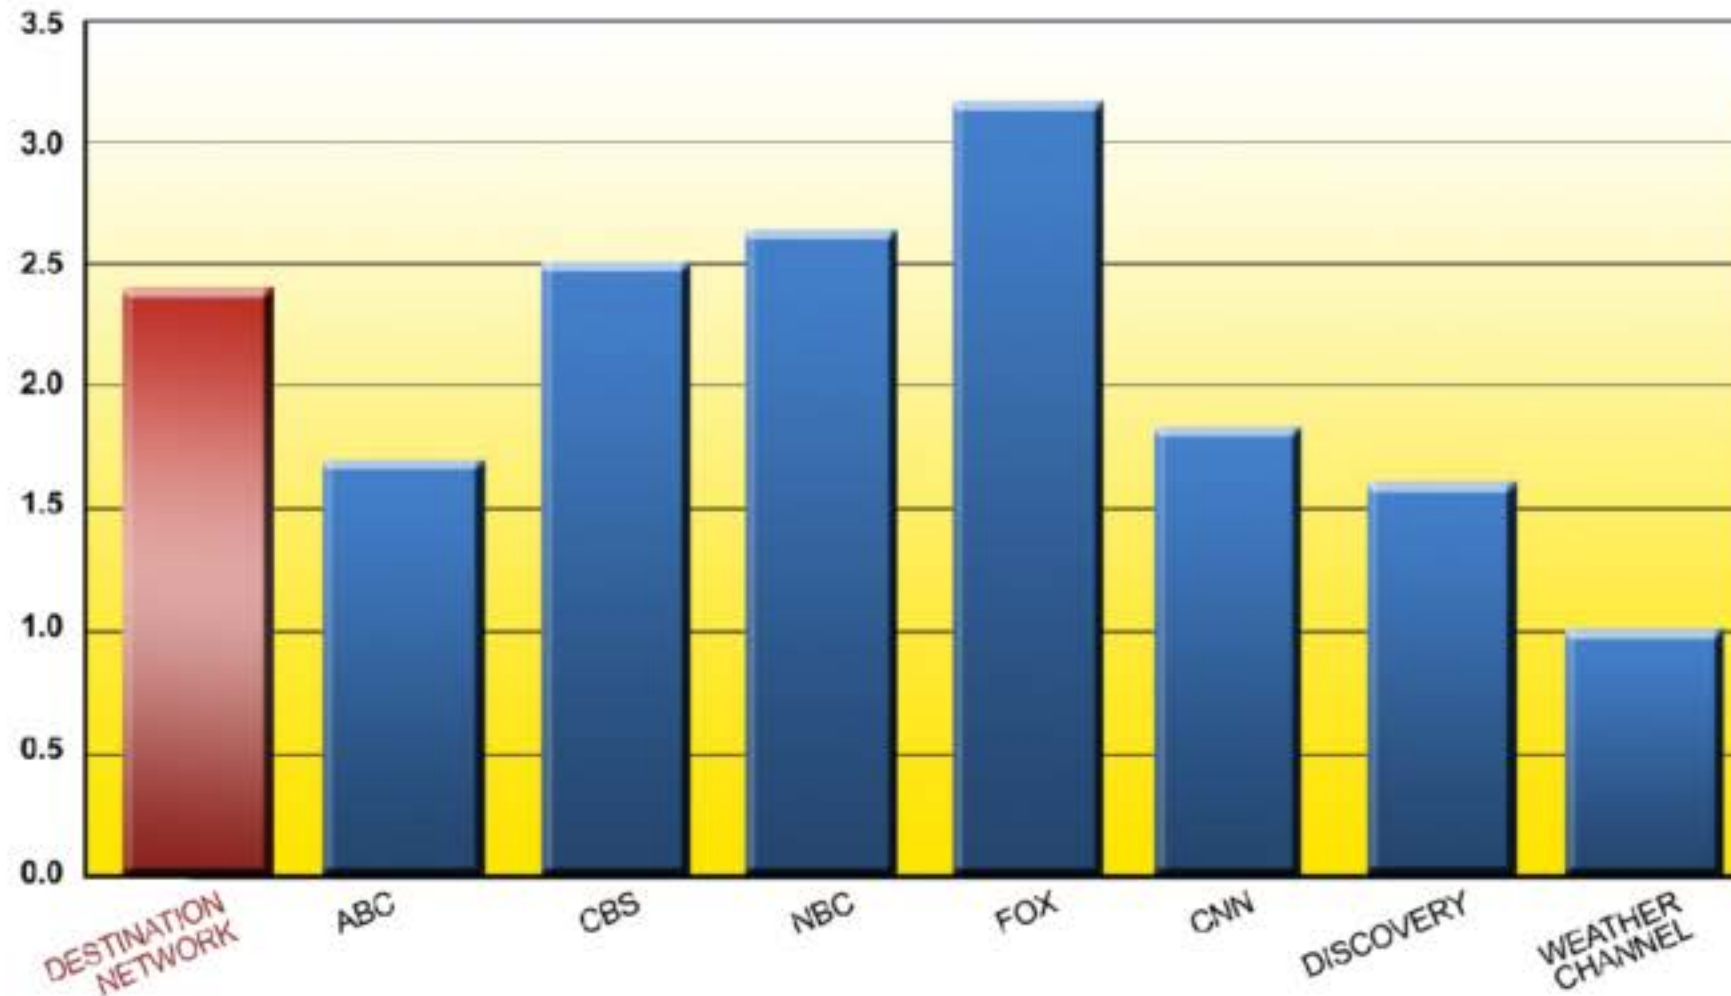

Sample size: NMR calls about 2,700 people in a typical quarter (more than 10,000 people annually).

Market measurement: At least 50% of sub base every quarter. The entire plan is approved by Nielsen at the start of each study period.

Reports: NMR collects and reports ratings, share, VPVH, and age demo % data; Outside Television provides this data to Management Science Associates (MSA) to produce buy analysis reports/posts for national advertisers.

NIELSEN RATINGS

Destination Network is rated as part of the Outside Television affiliate network. Destination markets that have participated in ratings studies include Atlanta, New Orleans, Panama City, Destin/Mobile/Pensacola, Key West and Myrtle Beach/Pawleys Island.

HOW DO THEY FIND US?

Lodging technology is moving rapidly. Guests enjoy an impressive array of user friendly on-screen channel guides and Welcome Apps. In addition, we advertise in Visitor Magazines, sponsor special events and promote our station direct to guests through our network of lodging partners via other in-room guest information products.

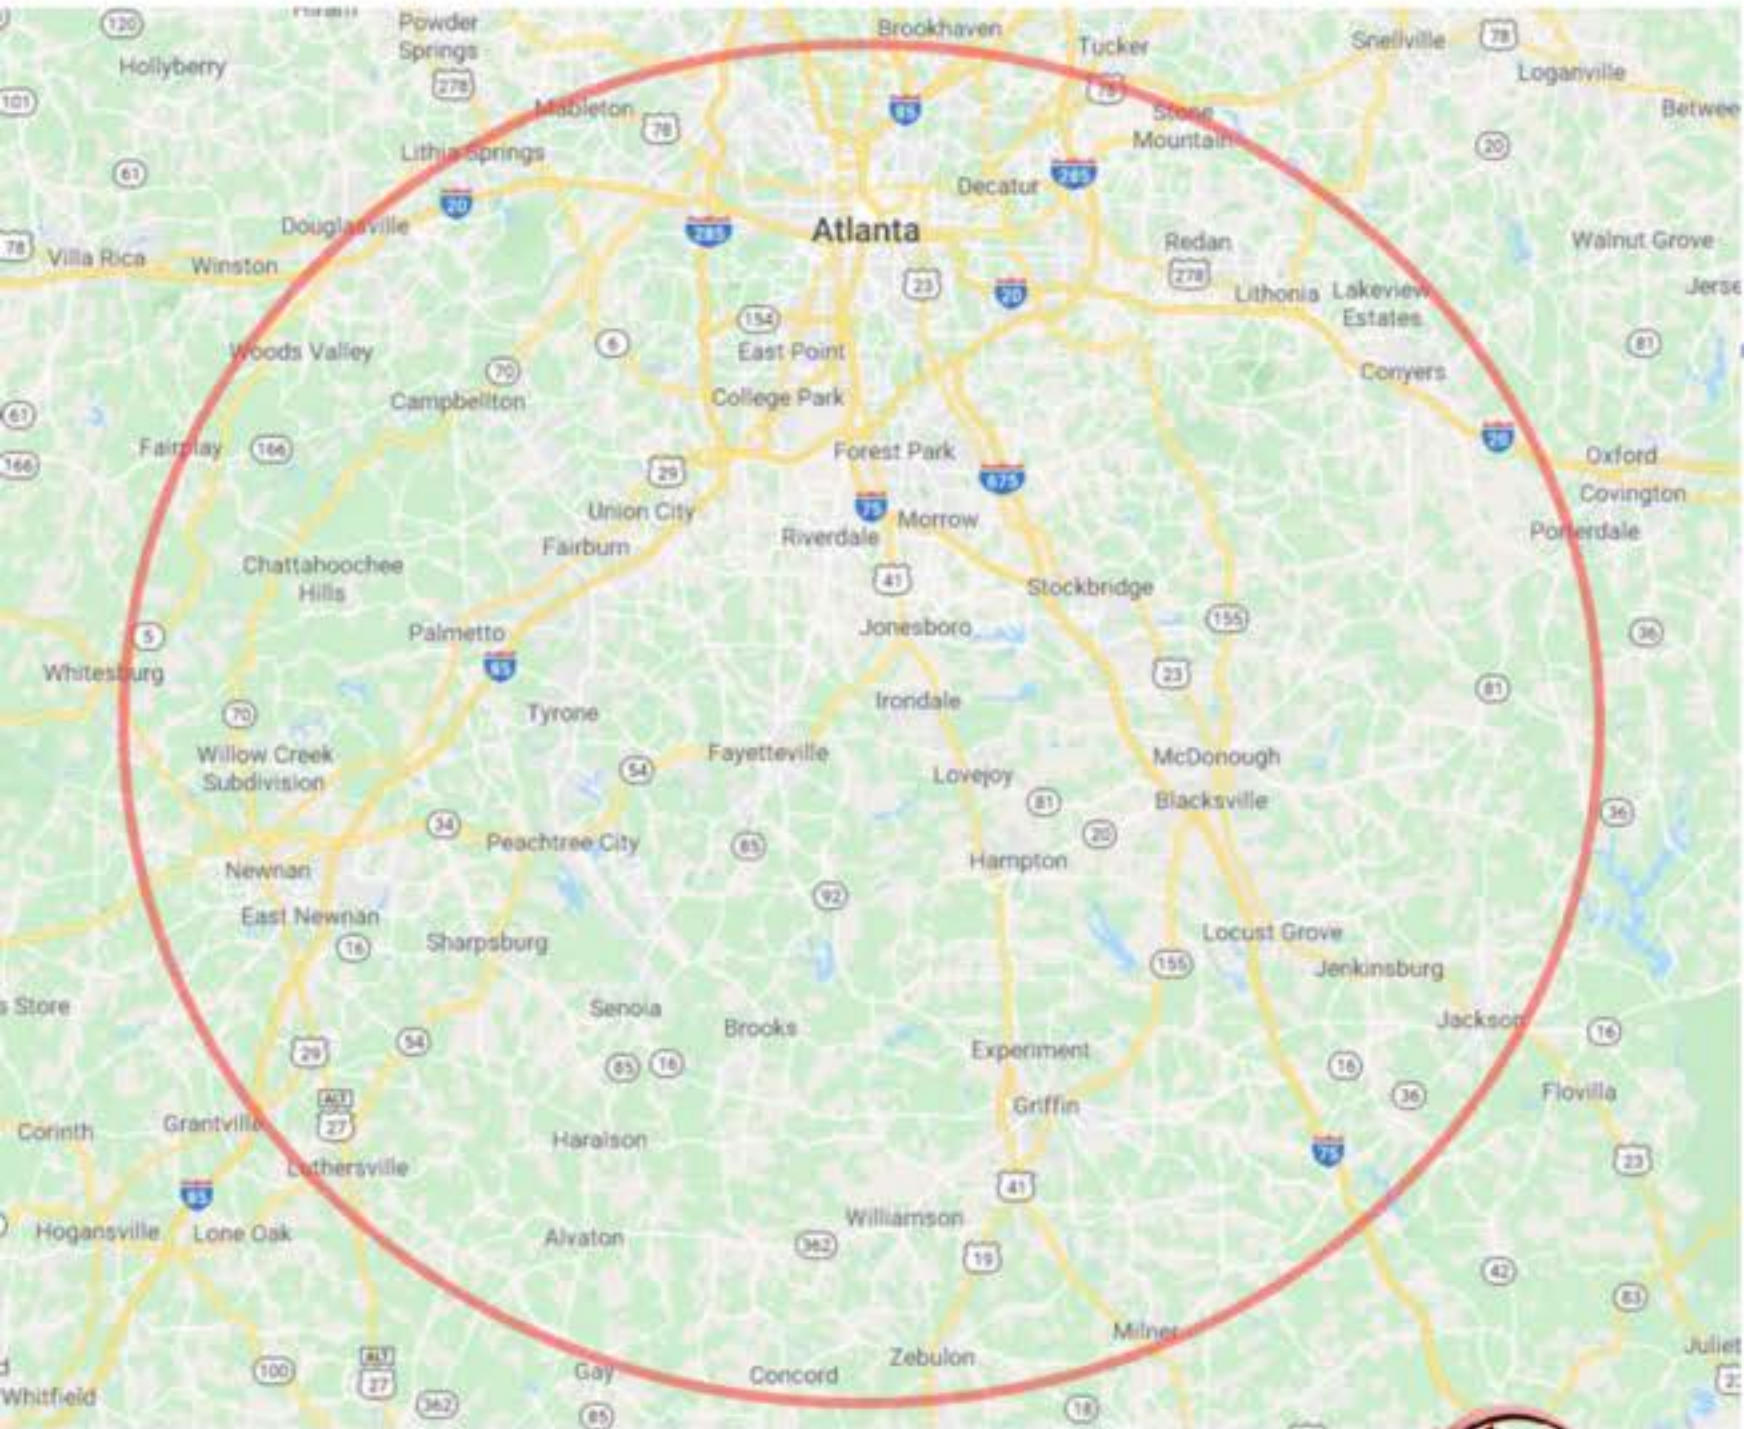

BLEISURE TRAVEL ON THE RISE

'Bleisure' travel has been increasing over the past few years. 81% of Millennials said they would probably add personal time to a business trip, compared to 56% of Gen-Xers and 46% of baby boomers. In a survey by Great Hotels of the World, which targets the business market, 75% of respondents said they extended business trips for leisure, in most cases multiple times in a year.
